

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in original, tightly closed container in an area inaccessible to children or persons unfamiliar with its use. Keep tightly closed until ready to use. Reclose tightly after each use. When stored in original, unopened containers at or below 25°C (77°F), PreventX 24/7 Antimicrobial has a minimum shelf life of 12 months from date of shipment.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows. Fill container ¼ full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinsate disposal. Offer for recycling if available or dispose of in trash in a sanitary landfill or by incineration.

SDS INFORMATION: READ PRODUCT AND SAFETY DATA SHEETS AND CONTAINER LABELS FOR SAFE USE, PHYSICAL AND HEALTH HAZARD INFORMATION. THE SAFETY DATA SHEET CAN BE OBTAINED BY WRITING TO JENNSCO, LLC OR ON THE WEB AT www.jennsco.com.

NOTICE: JennisCo, LLC warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated in the labeling when used in accordance with directions under normal conditions of use; but this warranty of fitness for a particular purpose does not extend to the use of this product contrary to written instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. JennisCo, LLC SPECIFICALLY DISCLAIMS ANY OTHER EXPRESS OR IMPLIED WARRANTY, INCLUDING THE WARRANTY OF MERCHANTABILITY.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA De-activation may be required during clean up if a spill occurs. De-activation of PreventX 24/7 Antimicrobial can be achieved by the addition of an anionic surfactant or detergent (such as soap, sulfones, or sulfates) in quantity equivalent to that of the active ingredient.

PREVENTXTM

24/7

ANTIMICROBIAL SURFACE PROTECTANT

ACTIVE INGREDIENTS:

3 (trihydroxysilyl)propyldimethyl octadecyl ammonium chloride 0.84%

INERT INGREDIENTS: 99.16%

TOTAL 100%

KEEP OUT OF REACH OF CHILDREN

PreventX 24/7 Antimicrobial imparts durable biostatic activity to the surface of a wide variety of substrates. PreventX 24/7 Antimicrobial is effective against mold, mildew and algae as a static agent.

- Increased efficiency through proper application, durable bacteriostatic, fungistatic and algaestatic surfaces can be attained with a minimum amount of PreventX 24/7 Antimicrobial.
- Provides freshness and combats deterioration and discoloration caused by bacteria, fungi and algae.
- Cleans and protects surfaces from odor causing bacteria and discoloration or staining.
- Antimicrobial surface protectant against odor causing bacteria and discoloration or staining.
- Long Lasting – Reapplication recommended every 30 days*

Warning

May cause eye irritation

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING FOR INDUSTRIAL/INSTITUTIONAL/RESIDENTIAL/ COMMERCIAL USE
APPROVED USES: PreventX 24/7 Antimicrobial can be used as a final bacteriostatic finish on the following items to impart bacteriostatic/fungistatic (mold and mildew) activity: Carpet, Draperies, Upholstery, Furniture, Book Covers, and Pictures, Interior Non-Food Contact Hard Surfaces: Floors and Floor Coverings, Walls and Wall Coverings, Ceramic Tile, Concrete, Chrome, Stainless Steel, Sealed Fiberglass, Vinyl, Porcelain, Wood and Glass Fixtures, Marble, Aluminum, Dried treated areas and articles such as clothing before use. Remove children and pets from treated area until completely dry. Clean surfaces prior to application.

PreventX 24/7 Antimicrobial is to be applied to organic and inorganic surfaces as supplied by brushing, dipping, padding, soaking, or spraying until adequately wet, or applying by foaming techniques. After applying treatment, the surface should be allowed to dry at temperatures from ambient to a maximum of 160°C (320° F) to effect complete condensation of silanol groups and to remove water, solvents and/or traces of methanol from hydrolysis.

For Pump Spray Application: Using pump sprayer, apply the product 4-6 inches from the surface making sure the surface is completely covered. Remove excess product with a paper towel or lint-free cloth. Allow surface to air dry. Reapply another coat, if desired. If spotting occurs, especially on glass or mirrored surfaces, wipe with lint-free cloth. Test for staining and colorfastness of fabrics and carpets by treating and drying a small concealed area prior to application.

For Commercial Spray Application: For commercial application equipment (i.e. carpet/upholstery steamers, rotary jet extraction cleaners, pressure sprayers), apply and then let, stand until dry or let stand 3 minutes and wipe dry with cloth or sponge. If spotting occurs, wipe with moist cloth or sponge. Test for staining and colorfastness of fabrics and carpets by treating and drying a small, concealed area prior to application. When treating coarser substrates, more PreventX 24/7 Antimicrobial may be required due to absorption. Dry carpet areas and surfaces before re-entry and dry articles before use.

For each application, determine optimum application and drying conditions, such as time and temperature before use. *If necessary, reapply PreventX 24/7 Antimicrobial every three months.
