

Introducing **PreventX 24/7™ Antimicrobial Surface Protectant**, an all surface durable protective barrier that imparts biostatic activity to surfaces to protect the surface against odor-causing bacteria, mold, mildew, and algae reducing corporate liability, making future cleanings easier, while extending the life of your surfaces.

Top benefits of long-lasting antimicrobial surface protection:

- An affordable, fast, and convenient spray and wipe application that is available in concentrate up to 3X and in ready-to-use.
- Independent studies have shown the active ingredient in **PreventX 24/7™** to be effective against many different microorganisms, including bacteria, mold, mildew, and fungi.
- **PreventX 24/7™** is an EPA registered antimicrobial (EPA Reg. No. 91116-1).
- Typical disinfectants work while wet, but once the product dries, there is no further protection, and the treated surface is ready for re-contamination. **PreventX 24/7™** will continue to protect your surfaces against germs, mold, and mildew for 30 to 90 days, depending on surface use.
- Reduces ATP scores for added safety compliance.
- Germs cannot thrive on a surface treated with **PreventX 24/7™**.
- **PreventX 24/7™** Provides a protective finish that bonds to the surface, not destroyed by normal daily cleaning.
- **PreventX 24/7™** provides continuous surface protection in between cleaning and disinfecting events.
- Microscopic "carbon spikes" penetrate the cells and destroy the organisms.
- **PreventX 24/7™** environmental green technology is non-toxic, non-leaching, non-hazardous, and will not promote the growth of superbugs.
- **PreventX 24/7™** is approved for fabrics and so much more.
