

## ***What is CE 1000?***

**CE 1000** is a revolutionary coating designed to color enhance, transform and repair dull, worn, or damaged laminate, plastic, wood and natural stone surfaces.

**CE 1000** is long lasting, simple and affordable to use, and leaves treated surfaces looking shiny, clean, and new. **CE 1000** is made entirely from naturally derived plant extracts and is safe for the environment. It is great for both industrial and household use and is considered non-corrosive and readily biodegradable.

## ***What are some advantages for using CE 1000?***

- Effective on a wide range of surfaces to include composite, acrylic, tile, plastic, natural and manufactured stone
- Dries quickly leaving behind a long-lasting durable finish
- Makes treated surfaces instantly appear shiny, clean, and new
- Made from 100% natural and rapidly biodegradable ingredients and is safe to store, handle, and use
- Very cost effective
- Can be applied by hand and requires no special application equipment
- Helps to protect and seal porous surfaces preventing future stains

**CE 1000 Color Enhancing Treatment** is supplied ready to use and requires no mixing. After cleaning the surface simply spray or wipe directly onto the surface to be treated. Avoid over-application as you may cause streaking. Allow to completely dry before using treated surface. The need for re-application will be determined by usage and normal wearing of the treated surface.
