

Dr. KlarX+™ is a cleaner that is highly concentrated (10X) heavy-duty formulation that is non-corrosive and built for serious hard surface cleaning applications including showers, bathrooms, kitchens, floors, walls, equipment, tools, vehicles, and appliances.

The formulation is packed with active ingredients to give you the power you expect with a heavy-duty cleaner to help penetrate, cut through and lift stubborn soils from your surface allowing for easy and quick removal without damaging the surface.

Typical cleaners rely on a highly alkaline or highly acidic formulation to do what **Dr. KlarX+™** does with a pH neutral formulation. This pH neutral formulation will ensure heavy-duty cleaning without compromising integrity of your surface ensuring surface longevity of the surface.

Dr. KlarX+™ contains our PreventX 24/7™ Technology to meet the needs of all industries to *clean and protect* surfaces (in one process) from contaminants and deterioration caused by microbial development, odor producing bacteria, mold, and mildew. Reinforcing your surface protection each time a surface is cleaned with **Dr. KlarX+™** and realize immediate return on investment by reducing labor costs and extending the life of your surfaces.

Features: Versatile 4-in-1 solution to clean-degrease-deodorize-protect, appealing fragrance, contains 500ppm quaternary ammonium, use with cold or hot water, contains PreventX 24/7™ Technology, highly concentrated, water-based, non-toxic, hydrophobic, and anti-static.

Benefits: Soap scum removal, surfaces become more durable, labor reduction, dirt/grease/grime releases more readily / cleanings become easier the more you use it, reduces soil and grime buildup, requires less storage space, protects painted surfaces from micro-scratches.

Uses:

- Any surface that is not adversely affected by water
- Ceramic, porcelain, metals, stainless, fiberglass, rubber, natural stones, concrete, vinyl, linoleum, plastics, aluminum, clear coats, painted surfaces, composites, ABS, acrylics, poly's and grout, all hard surfaces in and outside all vehicles.

Effective and Provides Protection Against:

- Soap scum, hard water spots, rust, urine stains, grime, grease, scuffs, heel marks, tar, gum, lead, and rubber marks.

Apply Using: Standard bottle sprayer, pump-up sprayer, pressure washer, hose-end sprayer, sponge, or mop.
