## Dr. KlarX™ Carpet Cleaner

EPA registered Antimicrobial and nano-cleaning technology

## Product Info

**Dr. KlarX™ Carpet Cleaner** is a concentrated cleaner specifically designed for extraction and shampoo machines. This cleaner contains an EPA registered Antimicrobial and nano-cleaning technology to effectively treat all types of fabric and carpet fibers. It contains a deep penetrating emulsifier that penetrates and floats away even the most stubborn grease and soils. It contains no carbon tetrachloride, naphtha, benzene, kerosene, gasoline, animal fat or other hazardous solvents that produce toxic fumes. It is VOC free and safe for the environment.

The inclusion of an EPA registered Antimicrobial in the formulation allows soft surfaces to: (1) Become more durable, (2) Maintain efficient wicking, (3) Eliminate deep stains and odors, (4) Maintain increased moisture protection, (5) Eliminate fraying of fibers, (6) Reduce compacting, (7) Increase mat protection all while reducing allergens and extending life of your soft surfaces and carpet.

## Where to Use

Use with extraction and shampoo machines on all types of fabric and carpet fibers:

Nylon  
Polyester  
Polypropylene  
Acrylic  
Triexta  
Olefin  
Wool  
Stain Resistant Carpets and Fabrics

## Supplies Needed

**Dr. KlarX™ Carpet Cleaner**  
Extraction or Shampoo Machine  
Clear plastic film (stubborn stains)

## Primary Applications

Formulated to Treat the Toughest of Stains

- Grease and oil stains.
- Dirt and mud stains.
- Ketchup and coffee stains.
- Soft drinks and chocolate stains.
- Urine and blood stains.
- Vomit and organic food stains

## Features & Benefits

**Dr. KlarX Carpet Cleaner** contains an EPA registered Antimicrobial to meet the needs of all industries to clean and protect soft surfaces (in one process) from contaminants and deterioration caused by microbial development, odor producing bacteria, mold, and mildew. Reinforce your surface protection each and every time you clean and realize immediate return on investment by reducing labor costs and extending the life of your surfaces.

- Nanotechnology Drives Cleaning Agents Deep into Surface
- Eco-Friendly Formulation
- Ozone Safe and Full VOC Compliance
- Surfaces become More Durable
- Increased Wicking Performance
- Increased Moisture Protection
- Reduce Fraying of Fibers
- Reduce Compaction
- Hydrophobic
- Anti-Static
- Low Foaming

## Use Instructions

### Extraction and Shampoo Machines

1. Follow machine instructions.
2. Dilution Ratio:
  - a. General Use: 8 fluid ounces to 1 gallon water
  - b. Heavy Duty: 12 fluid ounces to 1 gallon water
3. Coverage Rates:
  - a. Varies based on type of machine used

- b. Generally, 1 gallon of diluted solution will cover 150 – 200 square feet.

### Large, Stubborn Stains

1. Prewet carpet stain with water.
2. Spray diluted solution on stain and cover with clear plastic film for one hour.
3. Rinse with water and use extraction or shampoo machine to clean and vacuum excess water and residue.
4. Keep area closed to foot traffic until completely dried.

## Storage

Keep container closed when not in use.

Store out of direct sunlight.

Keep from Freezing.

## First Aid

**EYES:** Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention if irritation persists.

**SKIN:** Wash thoroughly any exposed effected body parts with soap and water. Consult a physician if irritation develops.

**INGESTION:** If this product is swallowed do not induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration (breathing) of liquid into the lungs. Get emergency medical attention immediately.

## Quick Specs

**Size:** 1-gal, 5-gal, 55-gal, 275-gal

**Appearance:** Light Amber Liquid

**pH:** 7.5-8.5

**Flash Point:** N/A

**Solubility:** 100% in Water

**Stability:** Very Stable
