

NewEraSeal™ Aqua Seal

NewEraSeal™ Aqua Seal is a high-performance concrete and asphalt sealer that deeply penetrates surfaces to provide superior moisture protection. Its advanced Nano Co-Polymer formula minimizes water absorption to less than 1%, preventing spalling, salt damage, and efflorescence while enhancing durability.

Ideal for driveways, parking structures, warehouses, and more, **NewEraSeal™ Aqua Seal** delivers a slip-resistant, non-yellowing finish that withstands UV exposure. Free from hydrocarbons and solvents, this eco-friendly solution complies with VOC regulations and allows for multiple coats, creating a polished, long-lasting sheen.

Benefits

- Protects concrete from moisture damage
- Extends the lifespan of surfaces
- Improves surface appearance & shine
- Reduces maintenance costs over time
- Safe for commercial, industrial, & residential use
- Environmentally responsible formulation
- Easy application & long-lasting results
- Multiple coat compatibility

Features

- Deep-penetrating Nano Co-Polymer formula
- Superior waterproofing protection
- Prevents spalling & salt damage
- Resistant to scaling & efflorescence
- Slip-resistant, tack-free finish
- UV stable & non-yellowing
- Biodegradable & eco-friendly
- No hydrocarbons or solvents
- Non-hazardous & VOC-compliant
- Allows multiple coats without buildup
- Enhances durability with polished sheen
- No added thickness
- Works on multiple surfaces
- USDA-accepted

- **Appearance:** Clear-Milky White Liquid
- **pH:** 8.0-9.0
- **Flash Point:** Same as Water
- **Stability:** Stable
- **Boiling Point:** 212
- **Storage:** Between 45° F and 100° F
