

# NewEraStrip™ Safe-T Strip

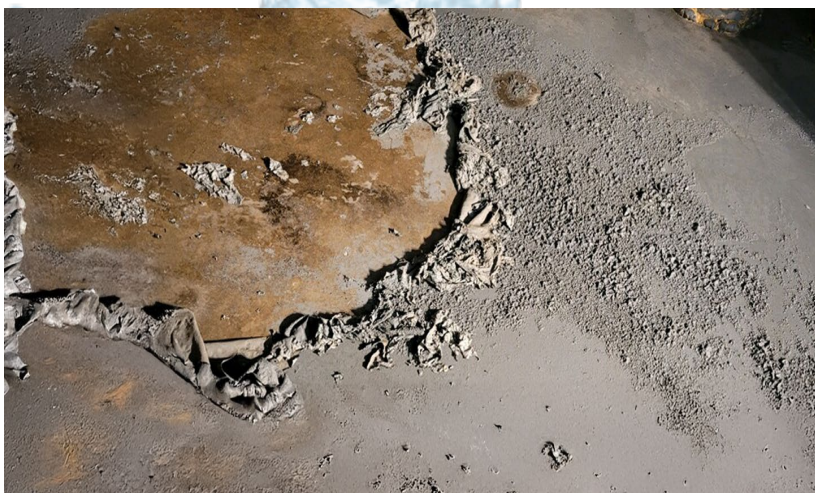

**NewEraStrip™ Safe-T Strip** is a biodegradable, VOC-compliant solvent-based stripper designed for powerful yet eco-friendly residue removal. Engineered for industrial-strength performance, it effectively dissolves adhesives, oils, grease, and petroleum-based contaminants, making it ideal for restoration, surface preparation, and maintenance. Its proprietary blend offers a safer alternative to traditional strippers, containing no hazardous ingredients as defined by OSHA's Hazard Communication standards, though it may cause mild skin and eye irritation due to its defatting properties. The non-flammable, non-corrosive formula has an exceptionally low odor, ensuring a user-friendly experience for both indoor and outdoor use. Easily cleaned up with water, it provides efficient performance without harsh chemicals and is not classified as hazardous waste, making it a reliable and eco-conscious choice for professionals.

## Features

- Biodegradable & VOC-compliant
- Non-flammable & non-corrosive
- Exceptionally low odor formula
- Removes adhesives, oils & paints
- Safe for indoor & outdoor use
- Easy water-based cleanup
- Industrial-strength performance
- Works on multiple surfaces

## Benefits

- Efficient residue removal
- Eco-friendly & safe
- Minimizes hazardous exposure
- No harsh fumes or toxins
- Fast-acting results
- Simple low-pressure application
- Ideal for restoration & refinishing

- **Size:** 1-gal bottles, Pails, Drums, and Totes
- **Appearance:** Clear Liquid
- **Viscosity:** Very Thin
- **Boiling Point:** > 340° F
- **Storage:** Between 40° F and 100° F
