Dr. KlarX™ Odor Eliminator

High-Performance Nano-Enhanced Laundry Care for Odor-Intensive Environments

Product Information

Dr. KlarX™ Odor Eliminator (Laundry) is a high-performance, eco-conscious detergent engineered for demanding environments where odor control, stain removal, and textile care are critical. Its advanced nano-biochemical formula combines biodegradable,

phosphate- and silicate-free ingredients with odor-neutralizing enzymes and deep-penetrating agents to deliver superior cleaning results. Designed for use in industries ranging from healthcare and food processing to agriculture, hospitality, and manufacturing, it works effectively in both hot and cold water and is compatible with hard or soft water systems.

Dr. KlarX™ Odor Eliminator enhances fabric vibrancy with built-in brighteners and softeners, protects garments with stain guards and whitening agents, and supports oxygen-based bleach for added whitening power.

Suitable for both standard and High Efficiency (HE) washing machines, it ensures rapid odor elimination and comprehensive textile care across a wide range of professional applications.

Where to Use

Designed for demanding environments, including:

- Food Processing and Catering
- Animal Care and Agriculture
- Healthcare and Medical Facilities
- Assisted Living Facilities
- Slaughterhouses & Meat Packing
- Industrial Manufacturing
- Hotels, Gyms, Spas
- Textile and Leather Industries

Features

- Nano-biochemical formula
- Phosphate-free
- Silicate-free
- Biodegradable
- VOC-compliant
- Odor-neutralizing enzymes
- Nano-penetrating agents
- Deep odor removal
- Hot water compatible
- Cold water compatible
- Hard water compatible
- Soft water compatible
- Fabric brighteners
- Fabric softeners
- Color vibrancy boost
- Optical brighteners
- Stain guard
- Whitening agents
- Oxygen bleach safe
- Standard machine safe
- HE machine safe

Benefits

- Rapid odor elimination
- Deep odor penetration
- Color vibrancy protection
- Optical brightening
- Stain guard
- Whitening agents
- Overall garment care
- HE machine compatible
- Standard machine compatible

Usage Instructions

Use ½ cup per load in top-loading machines

Use ¼ cup per load in front-loading machines

Use ½ to 1 cup per load in large industrial machines

For heavily soiled or odor-laden garments:

- Presoaking is recommended
- Use a pre-spotter for stubborn stains or extreme odors

Note: For best results, follow your machine's instructions and adjust dosage based on load size and soil level.

Caution

- Keep out of reach of children.
- Store away from food and beverages.
- Harmful if swallowed.
- Wash hands thoroughly after use.

Storage

Keep container closed when not in use. Store out of direct sunlight. Keep from Freezing.

Product Specs

Sizes: 1gal, 2x1gal, 4x1gal, 5gal

Appearance: Light Blue

pH: 8.5-9.5

Storage: 40°F to 110°F

Other: Non-Hazardous, Non-Flammable, Ozone-Safe, Contains No VOC's
