

Dr. KlarX™ Solar Panel Cleaner

Dr. KlarX™ Solar Panel Cleaner is a premium, eco-conscious solution designed to deliver powerful cleaning performance while being eco-friendly. Engineered with advanced nanotechnology and ionic exchange chemistry, this non-detergent formula is free from ammonia, solvents, alcohol, and other harsh substances—making it safe for both solar panel glass and the planet. Its concentrated composition ensures exceptional value, requiring minimal product to achieve maximum results. Whether applied manually or with a sprayer, it effectively removes dirt, dust, bird droppings, leaf stains, and pollution haze, helping maintain optimal light transmission and energy production.

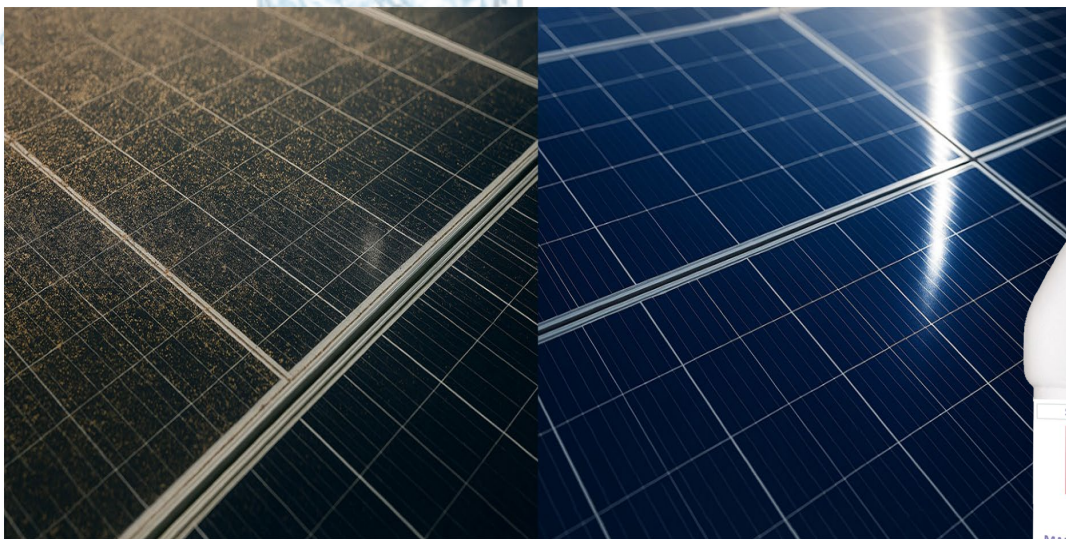

In addition to its superior cleaning power, **Dr. KlarX™ Solar Panel Cleaner** forms a protective layer that shields solar panels from environmental pollutants and weathering. This added defense not only preserves clarity and performance but also extends the lifespan of your solar investment. Ideal for residential, commercial, and industrial applications, **Dr. KlarX™ Solar Panel Cleaner** is the smart choice for sustainable panel care—delivering streak-free results and long-term efficiency with every use.

Features

- Eco-friendly ionic exchange chemistry
- Safe for solar and Low-E glass
- Free from ammonia, alcohol, solvents, detergents
- Easy rinsing and non-staining
- pH stable and non-corrosive

Benefits

- Removes dirt, dust, bird droppings, pollution
- Economical and long-lasting formula
- Maintains energy output and light clarity
- Shields glass from weathering and pollutants
- Extends panel life with streak-free cleaning

- **Sizes:** 1gal, 5gal, 55gal, 275gal
- **Appearance:** Clear Blue
- **pH:** 6.0 – 7.0
- **Storage:** 40°F to 110°F
- **Other:** Non-Hazardous, Non-Flammable, Ozone-Safe, Contains No VOC's
