

NewEraAgri™ FreshBarn Pro

NewEraAgri™ FreshBarn Pro transforms animal housing environments by tackling the root causes of odor, moisture, and ammonia buildup. Its proprietary blend of bio-active enzymes, natural earth minerals, and neutral clays works fast to neutralize harmful compounds and create a dry, protective bedding layer. Whether you're managing poultry, livestock, or equine facilities, **NewEraAgri™ FreshBarn Pro** delivers cleaner air, healthier animals, and reduced maintenance costs—all without pesticides or insecticides.

Designed for versatility and ease of use, **NewEraAgri™ FreshBarn Pro** can be applied dry or wet, with animals present, and adjusted for spot treatments or full-barn coverage. From poultry houses to horse stalls, it adapts to your facility's unique conditions and management practices. With proven results and independent lab testing, **NewEraAgri™ FreshBarn Pro** isn't just a bedding additive—it's a proactive health and hygiene solution for modern agriculture.

Features

- Bio-active enzymes
- Natural earth minerals
- Neutral clay blend
- Dry or wet application
- Animal-safe formula
- Lab-tested quality
- Multi-species coverage
