

NewEraCoat™ DryCoatX

NewEraCoat™ DryCoatX is a cutting-edge invisible coating that transforms hard surfaces into high-performance, low-maintenance assets. Engineered to penetrate deep into micro-pores, it forms a sleek, non-stick barrier that repels grime, moisture, and stains—while dramatically reducing friction. The result? Cleaner surfaces, smoother operation, and longer-lasting equipment—all without altering the look or feel of the material.

Built for industrial and commercial environments, **NewEraCoat™ DryCoatX** bonds to metal, fiberglass, vinyl, rubber, plastic, and concrete—painted or unpainted. It's a game-changer for rollers, conveyors, and workstations where contamination and wear slow productivity. Fast to apply and safe for the planet, **NewEraCoat™ DryCoatX** delivers invisible protection that works hard behind the scenes. (Note: not recommended for wood or flooring.)

Features

- **Spray-and-walk-away application** — no buffing, no waiting
- **Invisible finish** — odorless, colorless, and residue-free
- **pH neutral** — safe for sensitive surfaces
- **Non-corrosive & non-flammable** — industrial-grade safety
- **VOC-free & hydrocarbon-free** — eco-conscious and compliant
- **Biodegradable formulation** — engineered with environmental responsibility

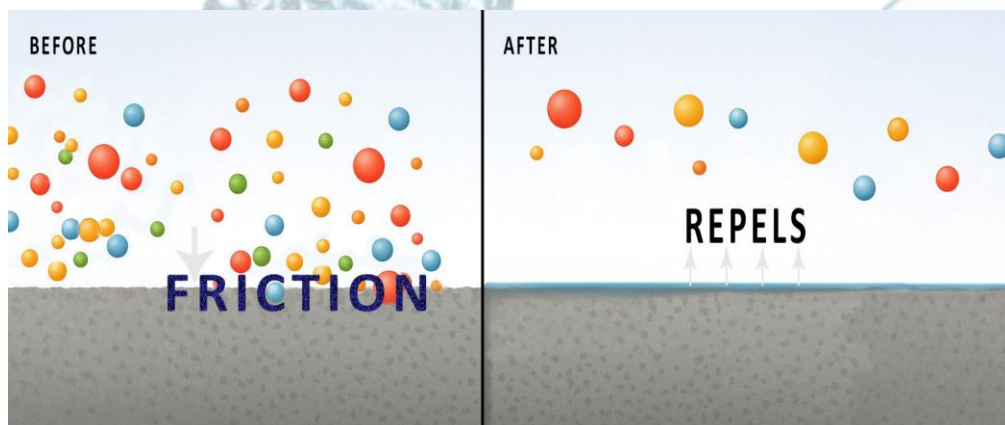

Benefits

Surface Protection

- Forms a deep-penetrating, non-stick barrier
- Fills micro-pores for enhanced durability
- Repels dirt, moisture, soap scum, and stains
- Prevents discoloration and surface degradation
- Reduces friction—acts as a dry lubricant for smoother performance

Maintenance Advantages

- Cuts cleaning time and effort dramatically
- Preserves surface appearance and integrity
- Extends the usable life of treated equipment and materials

Sizes: 4/1gal, 5gal, 55gal, 275gal

Appearance: Milky Yellow

pH: 7.0 – 8.0

Storage: 40°F to 110°F

Other: Ozone-Safe, Contains No VOC's
